Profile Summary

Computer Science undergraduate (B.Tech CSE – Data Analytics, GLA University) with a strong foundation in SQL and data analytics, complemented by full-stack web development experience with Node.js and Express. Built an interactive Power BI dashboard analyzing 5,000+ retail orders, and solved 240+ DSA problems on LeetCode, reflecting strong analytical and problem-solving ability.

Technical Skills

- **Data & Analytics:** Power BI, SQL, Excel, DAX, NumPy, Pandas, Matplotlib, Seaborn
- **Languages:** Python, Java
- **Web Development:** HTML, CSS, Bootstrap, JavaScript, Node.js, Express.js
- **Tools:** Git, VS Code, Jupyter Notebook

Experience

Machine Learning Intern - W3Grades June – July 2025

- Gained hands-on exposure to supervised, unsupervised, and reinforcement learning workflows, including model development, training, and performance optimization.

Projects

Employee Payroll Management System (Live Demo | GitHub) *HTML, CSS, JavaScript, Node.js, Express.js*

- Built a responsive employee record management system with full CRUD operations and MongoDB-based persistent data storage, developed as a foundational project to strengthen core full-stack concepts.
- Structured the application with modular Express routes and form-based validation to handle record creation, updates, and deletion end-to-end.

Calorie Burn Prediction App (Live Demo | GitHub) *Python, Scikit-learn, Pandas, Streamlit*

- Built and deployed a Linear Regression model predicting calorie burn from 973 gym-member records (7 features after cleaning), achieving an R^2 of 0.84.
- Performed IQR-based outlier removal and one-hot encoding on workout/gender features; deployed as a live Streamlit web app.

Retail Sales Performance Dashboard (Drive) *Power BI, SQL, Excel, DAX*

- Analyzed 5,000+ orders worth $2.26M from the Superstore dataset; performed data cleaning in Excel and extracted business insights using SQL queries.
- Designed an interactive Power BI dashboard with KPI cards, regional sales analysis, monthly trend charts, and category breakdowns using DAX measures.

Certifications

- Data Analytics & Visualization Job Simulation - Accenture (Certificate) *Dec 2024*
- Data Analytics Job Simulation - Deloitte (Certificate) *Jun 2025*
- Data Analyst in Power BI - DataCamp (Certificate) *May – Jun 2025*
- SQL for Analysts - DataCamp (Certificate) *Jul 2025*

Education

GLA University, Mathura - B.Tech CSE (Data Analytics) *2023 – 2027*
CPI: 7.41

KCM World School - Class XII, CBSE *2023*
85%

Nishant Public School - Class X, CBSE *2021*
88%
